### **September 21 - Pointe-du-Hoc / Arromanches**

One of the most dramatic sites along the Normandy coastline is Pointe du Hoc, where U.S. Rangers used hooks and ropes to scale cliffs some 100 feet high in order to destroy key German gun positions. Walk along cliff-top pathways still cratered by mortar blasts, and venture into the concrete bunkers from which German forces unleashed a barrage of artillery fire. Travel to Arromanches, where a Mulberry Harbour still rises out of the surf—one of the few remnants of the prefabricated concrete harbors that assisted in landing Allied supplies. Visit the Arromanches Landing Museum, as well as the Pegasus Memorial Bridge and Museum—dedicated to the men of the 6th British Airborne Division.
