As members of our Circles of Distinction, you share the story of America through the eyes of the American Soldier. Your support has helped the Capital Campaign raise the funds to build the National Museum of the United States Army.

We proudly invite you for a very special evening to visit the Museum you helped build. Nearly 1,400 artifacts, some of which have never before been seen by the public, are paired with interactive displays and individual stories to tell the complete history of the U.S. Army for the first time. The Army Historical Foundation is excited to bring this exclusive group together in sustained commitment as we continue to keep our mission moving forward.
